How-to **Video** on making a **Kindle file**: http://youtu.be/Q-qMl4UkB94

Questions to ask an ebook conversion service:

- Do you run your files through the epub validation process?
- Are there additional fees I need to be aware of?
- Do I get to preview/proof the file?
- What if there is a problem with my file? How will it get fixed?
- To whom do you distribute? (How will my book get to retailers?)
